Explanatory note

The object of this Order is to amend the *Public Health (COVID-19 Self-Isolation) Order (No 4) 2021* to—

- (c) provide for the purposes for which the Chief Executive Officer of Service NSW is collecting the information mentioned in paragraph (a), and
- (d) provide that a close contact or a household contact of a person diagnosed with COVID-19 is not required to self-isolate if the close contact or household contact has, because the contact was diagnosed with COVID-19, completed a period of self-isolation no more than 28 days ago, and
- (e) make consequential amendments, including an amendment to the *Public Health (COVID-19 General) Order (No 2) 2021* to provide that information and evidence provided to Service NSW under the *Public Health (COVID-19 Self-Isolation) Order (No 4) 2021* must be true and accurate.
